PUBLIC HOSPITAL DISTRICT NO. 2 OF SNOHOMISH COUNTY, WASHINGTON
VERDANT HEALTH COMMISSION

BOARD OF COMMISSIONERS

Regular Meeting

VHC Board Room

May 28, 2014

Commissioners Present	Bob Knowles, President Deana Knutsen, Commissioner J. Bruce Williams, M.D., Commissioner Fred Langer, Commissioner (8:04 a.m. arrival)
Commissioners Absent	Karianna Wilson, Commissioner
Others Present	Carl Zapora, Superintendent George Kosovich, Program Director Lisa King, Finance Director Jennifer Piplic, Marketing Director Karen Goto, Executive Assistant Josh Lewis, Senior Manager, Moss Adams Members of the community
Staff Excused	Sue Waldin, Community Wellness Program Manager
Call to Order	The Regular Meeting of the Board of Commissioners of Public Hospital District No. 2, Snohomish County, was called to order at 8:00 a.m. by President Knowles.
Approval of Minutes	<i>Motion was made, seconded and passed unanimously to approve</i> the minutes of the regular meeting on April 23, 2014. <i>Motion was made, seconded and passed unanimously to approve</i> the minutes of the special meeting on May 1, 2014.
Executive Committee	President Knowles reported that the Executive Committee met on May 22, 2014 to review and approve the May 28, 2014 board meeting agenda. No action was taken.
Board Finance Committee	The committee met on May 13, 2014. Ms. King reviewed the financial statements and cash activity for

April 2014 (E:25:14).

**Authorization
for Payment of
Vouchers &
Payroll**

Warrant Numbers 10641 through 10677 for April 2014 for payment in the amount of \$133,622.60 were presented for approval (E:26:14). ***Motion was made, seconded and passed unanimously to approve.***

**Resolution
2014:04: Adopt
Amended 2014
Budget**

Motion was made, seconded and passed unanimously to approve Resolution 2014:04 approving and adopting an amendment to the District's budget for calendar year 2014.

**Moss Adams
2013 Financial
Audit**

Mr. Josh Lewis of Moss Adams presented the Report of Independent Auditors for 2013 with an unmodified opinion (E:27:14).

**Program
Oversight
Committee
Update**

The Program Oversight Committee met on May 19, 2014 to review four new program funding applications, and follow-up on the Puget Sound Kidney Center request (E:28:14).

No conflicts of interest were reported by the commissioners.

New Funding Applications:

Motion was made, seconded and passed unanimously to approve \$10,000 per year for two years for the American Red Cross CPR training for vulnerable populations.

For Additional Discussion:

Puget Sound Christian Clinic: two funding requests connected to a planned Lynnwood dental clinic. Start-up funding request of \$300,000 for construction and equipment for the clinic. Operating funding of \$150,000 per year for three years for a full-time dental director and support staff to oversee the volunteer dentists.

The full board would like to discuss this proposal with PSCC before the June 27, 2014 board mini retreat so that they can have a broader discussion at the mini retreat.

Free Range Health: Expanded low cost acupuncture

services to Mountlake Terrace Senior Center, the Center for Healthy Living, and in-home care. No consensus on the Program Committee as there are questions on how to measure the efficacy of the treatments. There is agreement among the board members that the request for expanded funding of \$121,090 for two years was too large and they would like more information on the assessment tools.

Kinderling South Snohomish County Expansion: Kinderling is scheduled for Q & A with the Program Committee in June.

Follow-up on Previous Application:

Puget Sound Kidney Center Foundation – Chronic Kidney Disease Education and Prevention Program. Revised request for \$70,000 in year 1, \$50,000 in year 2 and \$40,000 in year 3.

All commissioners have viewed the presentation and it has not gone back to the Program Committee yet. The Program Committee will obtain data on the number of patients PSKC hopes to serve over three years and bring this information back to the board to make a final decision in June 2014.

Marketing Report

Ms. Piplic presented the Marketing Report (E:29:14) including an update on 6 Weeks to a Healthier You 2014 and The Canopy newsletter issue coming in late June. There will be a thank you reception for the community partners steering committee of 6 Weeks to a Healthier You on Tuesday, June 10, 2014, 5 to 6 p.m. at the Lynnwood Convention Center.

Commissioner Comments

Commissioner Williams commented on several items:

1. The good results from the Joint Commission's triennial survey at Swedish/Edmonds
2. A Medicaid quality award and incentive was presented to Swedish/Edmonds, which was on the only hospital in the Swedish system to receive it
3. Swedish/Edmonds is in the 30th percentile in hospital spending with higher levels of spending in mental health and male reproductive issues in its medical patients
4. The Affordable Care Act has saved over \$4.1

- billion in Medicare in one year
5. Boeing & Providence/Swedish are creating an accountable care organization to directly contract for medical care without the use of an insurance company
 6. State Secretary of Health John Weisman met recently with local politicians, law enforcement, and the medical community, and two issues discussed were are mental health and the federal regulations of e-cigarettes

**Superintendent's
Report**

Superintendent Zapora reported on six items:

1. Thank you to the Finance Committee, Ms. King, and Mr. Lewis for a good audit
2. Congratulations to President Bob Knowles for graduation from the Leadership Snohomish County program
3. Commissioners are invited to a meeting with Jason McGill from the Governor's office and community health and wellness leaders at 12 p.m. on Friday, June 6, 2014 at the Lynnwood Convention Center
4. Board mini retreat on June 27, 2014, 12 p.m. at the Lynnwood Convention Center will include training on public records and the open public meetings act
5. Thanks to Commissioner Knutsen and President Knowles for attending the groundbreaking ceremony at the Verdant Community Wellness Center on May 1, 2014
6. Commissioners are invited to the thank you reception for the community partners steering committee of 6 Weeks to a Healthier You on Tuesday, June 10, 2014, 5 to 6 p.m. at the Lynnwood Convention Center.

**Public
Comments**

Mr. Al Rutledge commented that there is a shortage of doctors at the hospital based on a friend who could not obtain surgery after visiting two places. He also commented that newspaper reporters should be at the board meetings so that the community knows what Verdant is doing.

Mr. Bob Hegamin presented his book "3 Silent Killers"

and asked that it be circulated.

A student from Edmonds Community College also agreed that Verdant should be more visible in the community.

**Executive
Session**

President Knowles recessed the regular meeting at 9:06 a.m. into Executive Session to discuss ongoing litigation. President Knowles stated that the board would reconvene at 9:15 a.m. and no action would be taken in Executive Session.

Open Session

The board re-convened into Open Session at 9:11 a.m.

Adjourn

There being no further business to discuss, the meeting was adjourned at 9:11 a.m.

June 2014 Program Committee Summary

Program Summary

- Four new funding applications
- Follow-up on Puget Sound Kidney Center request
- Kinderling attended a Q&A session with Program Committee
- New Swedish/Edmonds Gala request

Recommended for Funding

- **Medical Teams International – Mobile Dental Vehicle:** A one-time request of \$180,000 to purchase a mobile dental clinic vehicle to replace a vehicle that was recently retired. The clinic will be used to provide 72 dental clinics in Verdant's district each year serving a total of 720 patients. Verdant is being asked to fund 50% of the vehicle purchase price, and Washington Dental Services Foundation has committed to fund the rest.

The program committee is recommending fully funding the request at \$180,000 on a one-time basis.

Pages 18-19 of this packet have additional information on the vehicle and anticipated clinics.

- **Within Reach – South Snohomish County Insurance Corps:** A one-year renewal request to support outreach and education on the Affordable Care Act. The program would include in-person education, eligibility screening, application assistance and follow-up. Funds would be used for a bilingual Russian/Ukrainian outreach worker and one Americorps outreach worker stipend. Verdant previously provided \$50,000 in funding for the program, and Within Reach exceeded its goal for enrollments. The program would expect to educate 1,600 families and enroll at least 400 families in health insurance.

The program committee is recommending fully funding the request at \$33,000 for one-year.

- **Brain Energy Support Team - Edmonds Head Injury Support Group:** A one-time request to support the Edmonds Head Injury Support Group hosted at Swedish/Edmonds Hospital with the Brain Injury Support Team acting as the fiscal sponsor. Verdant funds would be spent on community events, speakers, materials and other support group costs. Commissioner Langer recused himself from the discussion of this proposal. **The program committee is recommending fully funding the request at \$3,500 for one-year.**

Not Recommended for Funding

- **Guided Pathways – Support for Youth & Families:** Guided Pathways is a family support organization based in Kent that was founded in 2012. The organization is requesting funding to launch a family support program in Verdant's district and create "resource centers" in churches libraries, and other places where families could receive support. Verdant funds would be used for 1 FTE Family Advocate and 1 FTE Peer support specialist.

The program committee is not recommending funding the program at this time. The committee was concerned that this would be a large grant to a new agency that would have to establish itself in South Snohomish County.

Follow-up on Previous Applications

- **Puget Sound Kidney Center (PSKC) Foundation – Chronic Kidney Disease Education and Prevention**

Program: a revised request for a new program focused on helping to reduce the progression of kidney disease. The request would fund 1.1 FTE positions for a program manager, social worker, dietician, and a nurse.

After further discussion, the program committee is recommending funding the program for two years for a total of \$120,000. The committee reviewed some additional information on cost (included on page 20) and PSKC has committed to increasing the number of patients served to 100 per year.

- **Kinderling - South Snohomish County Expansion:** a request for \$135,985 per year for three years to serve children with developmental delays. The program committee met with the applicant and reviewed the program in more detail. Following the discussion there are still some concerns about how the services fit in with existing service providers like Wonderland and ChildStrive in South Snohomish County.

The committee would like to see more of an integrated program where service providers are collaborating to best serve local families. Commissioner Langer is also interested in visiting the organization's Bothell facility.

New Funding Requests			Request for funding			Priority Area			
#	Name		Year 1	Year 2	Year 3	Education & Empowerment	Prevention	Access to Healthcare	Policy & Advocacy
1	Medical Teams International - Mobile Dental Vehicle Purchase	A one-time request to purchase a mobile dental clinic vehicle to replace a vehicle that was retired earlier this year. The clinic will be used to provide 72 clinics in Verdant's district each year serving a total of 720 patients. Verdant is being asked to fund 50% of the vehicle purchase price, and Washington Dental Services Foundation would fund the rest.	\$180,000					X	
2	WithinReach - South Snohomish County Insurance Corps	A one-year renewal request to support outreach and education on the Affordable Care Act. The program would include in-person education, eligibility screening, application assistance and follow-up. Funds would be used for a bilingual Russian/Ukrainian outreach worker and one Americorps outreach worker stipend. Verdant previously provided \$50,000 in funding for the program. The program would expect to educate 1,600 families and enroll at least 400 families in health insurance.	\$33,000			X		X	
3	Brain Energy Support Team - Edmonds Head Injury Support Group	A one-time request to support the Edmonds Head Injury Support Group with the Brain Injury Support Team acting as the fiscal sponsor. Verdant funds would be spent on community events, speakers, materials and other support group costs.	\$3,500			X			
4	Guided Pathways -Support for Youth & Families	Guided Pathways is a family support organization based in Kent that was founded in 2012. The organization offers 1x1 parent support, parenting classes and support through a contract with King County. The organization is requesting funding to launch a family support program in Verdant's district and create "resource centers" in churches, libraries, and other places where families could receive support. Verdant funds would be used for 1 FTE Family Advocate and 1 FTE Peer support specialist.	\$100,000	\$100,000	\$100,000	X	X		

#	Name		Year 1	Year 2	Year 3	Education & Empowerment	Prevention	Access to Healthcare	Policy & Advocacy
Previous Requests									
5	Puget Sound Kidney Centers Foundation - Chronic Kidney Disease Education and Prevention Program	A revised funding request focused on helping to reduce the progression of kidney disease and stabilize kidney function for patients, particularly for individuals with chronic kidney disease. The request would fund 1.1 FTE in total for four staff (program manager, social worker, dietician, and a nurse). The program would expect to serve 50 individuals per year out of the organization's MLT office, and outcomes would be focused on keeping patients off of dialysis and increasing use of home therapy options.	\$70,000	\$50,000	\$40,000	X	X	X	
6	Kinderling - South Snohomish County Expansion	Kinderling is a Bellevue-based non profit organization that provides support and intervention for children with developmental delays. The organization recently opened a new location in Bothell (just outside of Verdant's district). Kinderling is seeking funding to support physical, speech, occupational, feeding and/or mental health therapies and special education to infants and children with disabilities. Services would be provided in families' homes, childcare centers or the new Bothell center. The program would expect to serve 83 children per year.	\$135,985	\$135,985	\$135,985			X	

Addendum to Medical Teams International Proposal

Details of Clinic Projections

The chart below shows the current number and location of Mobile Dental clinics in Verdant's service area, Snohomish County Hospital District No. 2. It also shows our plan to increase the number of clinics in this area from our current 48 per year to 72 per year. If we secure funding for the new van by July 2014, we anticipate launching it into service by Spring 2015. The addition of monthly clinics with a new site partner will coincide with this launch, bringing us to 72 clinics per year.

	Current Clinics Per Quarter	Projected Q3 FY14 (April-June 2014)	Projected Q4 FY14 (July-Sept 2014)	Projected Q1 FY15 (Oct-Dec 2014)	Projected Q2 FY15 (Jan-March 2015)	Projected Q3 FY15 (April-June 2015)	Projected Q4 FY15 (July-Sept 2015)
Alderwood Community Church	3	3	3	3	3	3	3
Edmonds Community College	3	3	3	3	3	3	3

Total Clinics per Quarter	12	12	12	15	15	18	18
Annual Clinics	48	48	48	60	60	72	72

Assumptions

MTI can commit to holding up to 72 clinics in the Verdant geographical area given the following:

- Verdant funds half the remaining cost of the Mobile Dental van (\$180,000). The targeted number of clinics we will hold in Verdant's district will be proportional to the amount of the van cost that Verdant contributes.
- MTI can continue to apply for and receive operational funding grants for the targeted number of clinics up to this maximum (72).
- Each 3-year grant cycle includes an assessment and confirmation that sufficient dental need and barriers to access remain to continue funding at the existing level.
- MTI is able to access Verdant's network of community partners for the purpose of developing additional site partners.
- MTI will provide Verdant with Letters of Intent from existing and future partners to confirm the clinic commitments outlined in the chart above.

Additional Benefits for Verdant of Funding the New Van

Verdant will receive the following benefits as a result of funding the new van:

- In addition to the commitment of 72 clinics per year discussed above, MTI agrees to hold a quarterly clinic organized by Verdant in Snohomish County Hospital District No. 2 which will be funded through outside sources. This additional quarterly clinic will continue through the remainder of the current operational funding agreement, and will be reassessed with each new operating agreement.
- Verdant will have a logo prominently placed on one side of the new Mobile Dental van. The Verdant logo will be in *Graphics Area A*, an area which is approximately 72 inches wide and 36 inches high and considered prime placement for donor logos. The sponsor logo space is located on the front middle third of the van on both sides. The size of the logo will depend on the number of donors and the percentage of the total van cost contributed by each. The logo areas include a heading that reads, *"Made possible by generous grants from."* In the case of a funding split between Verdant and WDS Foundation, each would receive a logo on one side in Area A. This logo will remain for the life of the van. If at any time either party is the subject of public disrepute or scandal, the other party shall have the right to request removal of the logo from the van.
- The inherent mobility of the Mobile Dental van will help to expand awareness of Verdant and the benefits they are bringing to the south Snohomish County community as the van travels to multiple locations throughout Verdant's district.

Mock-up of prospective Verdant logo with a \$180,000 gift:

June 16, 2014

Mr. Carl Zapora
Superintendent
Verdant Health Commission
PO Box 2606
Lynnwood, WA 98036

Dear Carl,

As we've discussed, 2014 is going to be a milestone year in the History of the Hospital. Our new parking garage will open on June 27th, to be followed by the groundbreaking ceremony on the site of the new Ambulatory Care Center on September 9th. We will also be celebrating at that same time, the 50th anniversary of the Hospital. It is without doubt a time for immense celebration, with the Community as the main benefactors.

In recognition of this especially unique time in the Hospital's history, including its 50th anniversary, I am requesting the consideration of the Board of Commissioners to make a contribution this year of \$50,000 in support of our new Facility. Last year the Commissioners generously made a contribution of \$25,000. If the Commissioners were to see fit to approve the \$50,000 contribution it is understood that we would not expect that amount for the following years.

In addition to the benefit of having this contribution announced at the upcoming Swedish Edmonds Gala on November 14th, Verdant would get naming opportunities valued at \$100,000 in recognition of their gifts totaling \$75,000 (last year and this year).

Verdant may choose any combination of the following naming opportunities valued at \$100,000 total:

SWEDISH EDMONDS AMBULATORY CARE CENTER, PUBLIC SPACES, AND ARTWORKS
--

Main Lobby Artwork (Guy Anderson piece) (plaque)	\$100,000
Glacial Rock - Entryway	\$ 25,000
Bicycle Parking Lot	\$ 25,000

EMERGENCY DEPARTMENT

Family Lounge – East (plaque)	\$100,000
-------------------------------	-----------

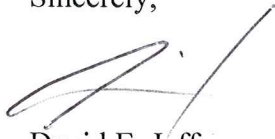

URGENT CARE CENTER

Family Lounge (plaque)	\$100,000
Consultation Room (plaque)	\$ 50,000
Examination Room – 10 total (plaque)	\$ 25,000

The partnership between Verdant and the Hospital serves as a casebook study of how two distinct entities can come together successfully to benefit the health and welfare of the Community, of which we can all be proud.

Thanks again for your consideration of our request, and your commitment and generous support to Swedish Edmonds. Please let me know if you have any questions.

Sincerely,

David E. Jaffe
Chief Executive

cc: Maggie Keelan

June 2014 Marketing Report

6 Weeks to a Healthier You Update

Biometrics and Survey Feedback from 2014

- See following pages for complete results

Planning for 2015

- Clear interest and enthusiasm from community and modest improvements in biometrics have been positive over the course of the past three years.
- With the opening of the Verdant Community Wellness Center in winter 2014, staff will be focused on programming needs within the building space in 2015.
- In light of this, we will not offer 6 Weeks to a Healthier You in spring 2015.

The Canopy Newsletter

The next issue of The Canopy will arrive in mailboxes next week.

"I have struggled to create a balance between a strict diet where I deprive myself of everything and a diet in moderation. **This program makes so much more sense to me and I am so excited and motivated to continue on this path to a healthier me!**"

-Anonymous
(Comment #7)

"**It was a LOT of bang for the buck**, so I appreciated that - especially getting the blood work done, since I don't have insurance and never go to the doctor."

-Anonymous
(Comment #29)

"I have lost 16.5 pounds, exercising a little (none before) and am in the normal range for cholesterol now. I feel SO much better. Forced (HA!) to buy smaller clothing. ... **I am making changes and not feeling pressure to do so or from doing so. I am just enjoying the changes.** Thank you. I will continue to build on this."

-Sharon Crandall
(Comment #44)

"I have lost at least 6 pounds and keeping it off. My metrics are better. I saw a huge drop in my cholesterol from 211 to 142. ... What I liked about the program, is **the subtle but powerful message about being intentional in everything you do.** From what you put into your mouth, to exercising and movement, to the management of the inevitable stress that we all experience..."

-Cyndy Clegg
(Comment #51)

6 Weeks 2014 Survey Feedback Open-ended Comments

Do you have any general comments about the program?

- 1 Everything was great!
- 2 Enjoyed the program content. Felt as though he was sharing his stories- friendly and funny rather than a lecture.
- 3 Well organized program. Held my interest for the whole program, even after some days working 10 hours or more.
- 4 I think it needs to go into deeper information. We know what we should do, but really need help to carry out an effective eating plan.
- 5 This is a valuable program offered by our community partners. Thank you to all who participated to make it a success.
- 6 I probably would enroll in program again to keep focused.
- 7 I have struggled to create a balance between a strict diet where I deprive myself of everything and a diet in moderation. This program makes so much more sense to me and I am so excited and motivated to continue on this path to a healthier me!
- 8 I enjoyed it!
- 9 I feel the program was designed more for older individuals and people who have health problems relating to heart issues. It was not as relevant for people such as me who have a healthy heart and good levels but are just over weight. I gained weight during the six weeks as my body is not used to eating a high carb meal at all.
- 10 I appreciate having the opportunity to give feedback and to ask questions after each session.
- 11 So thankful for the idea of even little changes can be so healthy. Also the truth-this is something to do for the rest of my life.
- 12 My company asks us to submit biometrics twice yearly for reduction in medical cost. Program cost less than going to my provider to have them done. This was a wonderful deal with only labs.
- 13 I hope there continues to be financial support to offer to the community. I encourage pursuit of corporate support of employee participation.
- 14 I have been following a plant strong diet for years and would like Joe to include mention of non dairy options. They are not only healthier but also a sustainable food
- 15 Very impressed that you are providing this to the community.
- 16 Information presented was very generic and aimed toward people with no background knowledge about healthy lifestyle choices. I was expecting more in depth information and strategies. It would have been nice if program flyers indicated that the program was geared toward novices.
- 17 Thanks.
- 18 I thought it was just the right amount of time for working professionals, it was interesting, lively, covered a lot of areas. the only thing I would change is the lesson on stressors. The other thing is that they say the majority of adults are single and kids are grown. I guess I would add the stressors of living with others that eat differently, and the different stressors of eating little meals alone. Also the stressors of life make it hard to know how to do this alone. We need support groups /team work to encourage and learn from one another or have a leader with tips ...like Joe!
- 19 I have learned A LOT and am thankful for the entire team that has put this together!
- 20 I love Joe's "backing in" approach. He was not in your face or full throttle, but had a wonderful approach, such as, "Let's try this for a couple times next week." He is an excellent motivator.

- 21 Very good job.
- 22 I was hoping for a list of healthy snacks options. I know we have the list of better choices, but beyond the nuts, lowfat cheese, fruit - what else? Things that we can pack in the car to take with us and avoid the fast food or gas station stops
- 23 I would like to thank the Verdant Health Commission, Lou Piscatella and the array of sponsors who made this program possible.
- 24 Have as many guest speakers as possible.
- 25 I would appreciate having some menu ideas - maybe even plans for a day - I feel like I am eating the same things over and over and could use help coming up with other healthy options.
- 26 It was excellent!
- 27 It was very informative and thoroughly enjoyable. I am very grateful to my employer (Snohomish County gov't.) for offering this program to us. I think the price I paid was a super bargain....and I love to find bargains!
- 28 I really enjoyed learning about Joe's journey to better health. It helped me to feel that it is possible to make changes that are manageable and sustainable.
- 29 It was a LOT of bang for the buck, so I appreciated that - especially getting the blood work done, since I don't have insurance and never go to the doctor.

Do you have a success story to share – weight loss, a lowering of triglycerides or cholesterol, an increase in exercise, etc? If so, please share it here.

- 30 Lowered my Blood Sugar and increased by HDL levels
- 31 I have lost five pounds, read the labels, and am now noting the sugar content I did not do that before. I actually dropped my cholesterol a couple of numbers and my triglycerides, while still high came down a couple of notches a well.
- 32 Though I do not have my eating under control, I have been able participate in water aerobics class and lap swimming due to a coupon that made the Harbor Square Athletic Club available to me. This is a gift to me!!
- 33 lost 3 lbs
drank more water
signed up for a nutritionist at Swedish Edmonds
- 34 The pride I have in myself now is the greatest benefit of this program.
- 35 All of my numbers went down in the 6 weeks. I was very surprised to see that. Most of what was talked about I know or should know already. But the way it was taught really hit home. I actually think about the foods I am eating now and a lot of the time my thoughts are "Is this clogging my arteries right now?"
- 36 weight, cholesterol, bp were all lower!
- 37 I've been type 2 diabetic. Lost weight spring 2014 & my glucose level reduced. 1st screening glucose was 103. second test 93. Yahoo. Was it the increase in oatmeal mornings?
- 38 My numbers were good before I started. But the program helped me focus on staying active and after six weeks it became a habit. I feel stronger and am sure I lost inches as well as 4 lbs.
- 39 Even though my exercise level has been greatly decreased due to knee problems, all of these

- levels showed improvement.
- 40 Yes. I lost 8 lbs!
- 41 My triglycerides went down by 10 points!
- 42 While I am struggling with developing new taste buds -- I really love my cheese -- I went from zero to 2-mile-a-day workouts at home in my living room with Leslie Sansone on YouTube. That's an accomplishment. Some days I have missed, I admit, but I can feel the difference in my breathing. This is the exercise that works for me.
- 43 Cholesterol down from 198 to 163; rise in "good" cholesterol from 40 to 47. Weight drop of 16 pounds. BP drop from 128/82 to 118/80
- 44 I have lost 16.5 pounds, exercising a little (none before) and am in the normal range for cholesterol now.
I feel SO much better. Forced (HA!) to buy smaller clothing.
As a picky eater it is hard for me to change what I eat, but all the ideas and recipes I got from this class are something I can do. I am making changes and not feeling pressure to do so or from doing so. I am just enjoying the changes.
Thank you. I will continue to build on this.
- 45 I am an active person. I was surprised to see my cholesterol at 210 during the initial screening. I was even happier to see it at 160 at the end of the six weeks. I definitely use tips from Joe on a daily basis and frequently share them with my spouse.
- 46 My stress level has improved a lot.
- 47 Due to the results of my April lab test with a few high flags I went to the doctor. I had another reason to see my Dr but I showed him my results. He started me on a low dose of statin and the test from last week now shows me low. What a difference 6 weeks and drugs can do. I have an email to my doctor to share the new results. Yeah!
- 48 Put simply, "Great Program". I could site numerous helpful topics/examples. The various "statistics" cited throughout the program certainly opened my eyes! Joe's personal stories and his sense of humor helped lighten some serious topics. One great tool that comes to mind immediately is the "23 1/2 hour" You Tube video. Not only was it enjoyable to watch, it made a big impression on me personally! I'm now taking that to heart, literally, by making sure I get 30 minutes of cardio exercise daily (usually first thing in the a.m. before excuses crop up). In addition, I'm walking daily and rowing every other day (excellent core and overall body activity). Following your 6 Weeks to a Healthier You program, I feel I have a healthier relationship with food as well; now seeing it as "fuel" for our miraculous, wonderful and incredibly complex bodies. Grocery shopping is fun again now that I can skip running down most of the aisles! I wouldn't put bad gas in my car and expect it to perform well! It is a joy to feel good physically by eating healthily and exercising. These healthy habits have also allowed me to significantly manage the stress of everyday lifenice bonus! Thank you for steering me in the right direction! You provided a supportive environment to address some very important and serious health issues. It is never too late to start on the path to a healthier you! A heartfelt thank you for a wonderful program.
- 49 I have increased exercise...I really like that Joe said to go ahead and take in small steps.....Sometimes it's just overwhelming to think of doing everything all at once...We can tackle a few changes at a time.
- 50 Well, I know I had a change in numbers, but I have to take a bit more time to figure out whether the second set of numbers is better than the first set.
- 51 I have lost at least 6 pounds and keeping it off. My metrics are better. I saw a huge drop in my cholesterol from 211 to 142. I feel better, I have more energy and I am walking more. I even feel better about myself and feel like I have a better, more positive attitude. What I liked about the

program, is the subtle but powerful message about being intentional in everything you do. From what you put into your mouth, to exercising and movement, to the management of the inevitable stress that we all experience. It was a great 6 weeks and I have told many of my friends about it...and they will be the first in line to sign up next year!

52 I have increased my exercise and am making it a higher priority.

53 My health is much better than before the program. I greatly reduced my weight, triglycerides, and cholesterol. I eat better. My ability to exercise has increase greatly. I am able to run about 6-7 miles in a day. I could elaborate more if needed.
