– Land & Enslaved People’s Acknowledgment –

Public Hospital District #2, Snohomish County (the Verdant Health Commission), acknowledges the original Indigenous inhabitants of this area.

We recognize that we live and work on the ancestral homelands and traditional territories of Indigenous peoples who have been here since time immemorial. We honor their sacred spiritual connection with the land and water of our District.

We also recognize that many enslaved and contracted peoples were forced to dedicate their work to the construction of what is now South Snohomish County and the surrounding area. For these peoples and their descendants, we recognize their indelible mark in the space in which we will gather for this work.

Finally, in recognizing that this land is colonized Indigenous territory that has been designated through slaves and hired labor, it is our collective responsibility to critically interrogate the stories and later lives of these events, and to honor, protect and sustain this land.

Public Comment

Miriam Molloy: She is concerned with Verdant deciding not to fund some portions of the Move60! program. This program gives kids a sense of belonging, connection to their community, and physical exercise. She hopes that Verdant can reconsider their assistance in funding that program.

Elizabeth Lunsford: Lynnwood resident, 98037. She wishes she was at the meeting in person since she does not think she is being taken seriously. She is trying to keep her composure, but she is upset. She doesn't know who will take her seriously when she says she needs help. It is depressing being here in her community. She has children and is a veteran. Her government is not taking her seriously. Silence is violence and Verdant is not taking a stand on the Center for Justice. The only way for her, a citizen of Lynnwood, to get help for her mental health is through the City of Lynnwood. She spoke to Commissioners and said shame on you for being a bully of the Move60! program for Edmonds School District, simply because a gate was locked on a play field.

Presentation: Dr. Rebecca Miner, Interim Superintendent of Edmonds School District

Dr. Miner shared statistics about the Edmonds School District (ESD) students and their families (E:93:22). The ESD recently went through a strategic planning session. They work to embrace the cultural and linguistic diversity of their students as an *asset* that will prepare them to be lifelong learners. Dr. Miner spoke about the ESD's Healthy Youth Survey which is given every two years. The survey utilizes a cohort model for 6th, 8th, 10th, 12th graders every other year. She reported 62% of their 8th graders felt nervous or anxious in the last two weeks and 15% of their 8th graders considered attempting suicide in the past year. The students who felt anxious enough not to do everyday activities went up compared to pre-pandemic numbers. Their strategic plan includes a gradual uptick for school counseling and mental health support over the next two years. The ESD has a pool of forty on-call district interpreters and translators in 20+ languages. There are eighteen Family Resource Advocates assigned to 20 school buildings to help families meet basic needs and remove barriers to the educational process. The School-Based Health Center (SBHC) ribbon cutting event is on 9/28/22 at Meadowdale High School and they are excited to get this program off the ground.

Commissioner Brennan commented that she appreciates seeing these statistics as she has three kids in the ESD. Food security,

mental health, and the SBHC align with Verdant's priorities. She asked Dr. Miner to see more data, such as pre and post pandemic comparison. The school district is such an important part of our district as our borders almost exactly align.

- Dr. Miner answered that yes, they can provide more data to show the picture over time. Dr. Edwards can contact her to get the data for Commissioners.

Commissioner Wilson asked if they have data for our District compared to the state. She asked if we could share this data on our website so the community can access it.

- Dr. Miner answered that they don't link the community health survey to their website since it is 95 pages, and they want to portray it in a more contextual way that people will be able to digest it.

Commissioner Knutsen said it would be helpful for Commissioners to get feedback on how effective the school district programs we fund are and where there are gaps, so Verdant can assure they are being a strategic partner and that the programs we fund are still meeting the needs of the school district.

- Dr. Miner answered that she and Dr. Edwards will explore this throughout the year as they meet regularly and send that feedback over to the Board. She can possibly come back to present in Spring 2023 when she has had her feet on the ground a bit longer.

Superintendent Report

Dr. Edwards thanked the community members who attended the meeting. Verdant team members will follow up with the resident who had reached out after the board meeting to see how we can help meet her needs.

She thanked Verdant staff and Commissioners who have recently spent 30 hours over the past month to complete our strategic plan. There will be three upcoming community forum events where Verdant will cover the strategic plan and new funding cycles for 2023 and 2024. Maggie Konstanski on the Verdant team is available to meet 1:1 with people to answer questions about Verdant's new priorities.

Dr. Edwards welcomed JSH Properties as the District's new property manager effective October 1st.

She thanked Zoe Reese for her two years of service, including data collection for the health needs assessment, implementation of the online grantmaking system, and her work to support the School Based Health Center at Meadowdale High School.

**Executive
Committee report**

The Executive Committee met on 9/22/22 to review the agenda for the 9/28 regular Board meeting. No action was taken at that time.

Finance Report

Ms. Simpson walked Commissioners through the statement of income report, noting explanations for gains and losses (E:94:22). As of 8/31, the District is in a favorable position against budget YTD.

Commissioner Wilson asked Ms. Simpson, where she thinks the District will end up as of 12/31/22. Ms. Simpson, answered that there will be an unfavorable balance at the end of the year due to unexpected expenses for our properties. However, with revenue trailing ahead, and savings from the underspend of building health communities fund, she anticipates we will be in line with budget.

Ms. Simpson, CPA, provided a heads up to Commissioners about upcoming changes to the banking authorizations and potential updates needed to the bylaws regarding the Auditor and Treasurer roles.

**Authorization of
Payments of
Vouchers and
Payroll**

Authorization for payment of vouchers and payroll: Warrant numbers 15675 through 15732 and references B-C for August 2022 for payment in the amount of \$188,767.72 were presented for approval (E:95:22). ***Motion was made by Commissioner Wilson, seconded by Commissioner Brennan and passed unanimously to approve the warrants.***

**Resolution
2022:08**

Appointment of Kaysi Kelly as District Treasurer. ***Motion was made by Commissioner Wilson, seconded by Commissioner Brennan and passed unanimously to approve RES 2022:08.***

**Program
Committee Report**

**Conflicts of
Interest**

Commissioner Brennan has two conflicts, with LETI and the WA West African Center and will abstain from voting on these applications.

**Q3 Grants – Full
Proposals**

Ms. Reese, MPA, clarified page 38 of the meeting packet that the first two columns of 'current award' and 'amount requested' are for 12-month terms and the proposed contract amount is for 6-months (E:96:22). Ms. Reese, MPA, explained that the 6-month contract term is due to our change in priority areas and grant cycles as we are moving from 4 grant cycles per year to two. This 6-month contract is a stopgap to get contracts on the

same term, so all grantees apply under the new priorities and on the same grantmaking term.

Community Health Centers of Snohomish County, Dental Program: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$50,000, Commissioner Brennan seconded, motion passed.***

Latino Educational Training Institute, Combined Health and Wellness Program Café LETI: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$72,000, President Distelhorst seconded, motion passed.*** Commissioner Brennan abstained due to conflict of interest.

Parent Trust, Family Wellness: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$6,250, Commissioner Brennan seconded, motion passed.***

Prescription Drug Assistance Foundation: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$27,500, Commissioner Wilson seconded, motion passed***

WA West African Center, Drop-In Center: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$57,300 for continuing their Year 1 services, President Distelhorst seconded, motion passed.***

Commissioner Brennan abstained due to conflict of interest.

- Commissioner Wilson asked how the Program Committee came to their recommendation since WAWAC's Year 2 request was very different than their Year 1 request (some new services that were outside of Verdant's priority area such as music classes). Commissioners decided to continue funding at the Year 1 service level.

Wonderland Family Services, The Next Level: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$37,500, Commissioner Brennan seconded, motion passed.***

- Commissioner Wilson asked how Program Committee came up with their compromise. Commissioner Knutsen answered that PC wanted them to provide pre-pandemic services, such as what they did at the Wellness Center. Ms. Reese, MPA, added that this proposed funding was an average of the two committees, so it is a slight reduction from their current funding. Commissioner Wilson commented that Wonderland is well established and have other funding partners, so she has concerns about funding this program at a high level. Commissioner Knutsen commented that the 6-month contract of

\$37,500 only comes out to \$84,000 for a 12-month period when we were previously funding them at \$150,000 for 12-months. Ms. Simpson, CPA, commented that it is very difficult to manage these grant cycles that cross over multiple years. Commissioner Wilson wants it to be clear that part of their outcome includes in-person services.

**Q3 Grants –
Renewal Requests**

Cancer Lifeline, Whole Patient Services: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$6,650, Commissioner Brennan seconded, motion passed.***

Domestic Violence Services, Education, Outreach and Prevention: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$35,000, Commissioner Brennan seconded, motion passed.***

- Commissioners asked if DVS would be able to spend down their current contract award. Ms. Reese, MPA, confirmed Verdant will not need to extend their current funding deadline.

Girls on the Run, Heart and Sole: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$11,000, Commissioner Brennan seconded, motion passed.***

Jean Kim Foundation, Hygiene Center: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$111,300, Commissioner Wilson seconded, motion passed.***

- Commissioner Brennan added that there are wrap-around services with this program, and she is excited to see how our partnerships are working in the community. She thinks this is a great opportunity for capacity-building so that Verdant isn't the only major funder of this organization and their great work. Commissioner Knutsen knows how important these services are as she lives right down the street and sees what has happened when they had to close their first location.

Korean Community Service Center, Mind Body and Soul for Korean Americans: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$51,750, Commissioner Knowles seconded, motion passed.***

Medical Teams International, Care & Connect: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$67,500, Commissioner Brennan seconded, motion passed.***

Parent Trust, Conscious Fathering: ***Commissioner Knutsen made a motion to approve the 6-month contract award of \$2,975, Commissioner Brennan seconded, motion passed.***

- Commissioner Wilson commented this is a very well-funded program and believes they can function without Verdant support. Commissioner Knutsen added that Program Committee discussed the need for this program due to their focus on post-partum care which is important for parents in our community. This funding is a compromise until they resubmit their request with both Parent Trust programs combined.

Any applications which were not discussed at today's meeting, did not make it through the scoring and will be notified after today's meeting.

COVID Grants

Hand in Hand: ***Commissioner Knutsen made a motion to approve funding of \$15,000, Commissioner Wilson seconded, motion passed.***

Vision Church: ***Commissioner Knutsen made a motion to approve funding of \$22,300, Commissioner Wilson seconded, motion passed.***

Seattle Visiting Nurse Association: ***Commissioner Knutsen made a motion approve funding of \$13,000 to cover direct costs plus \$3,000 for Personnel, Commissioner Wilson seconded, motion passed.***

- Commissioners discussed whether or not to fund admin and personnel costs or to only cover direct costs (COVID vaccines)
- Commissioner Wilson commented that their financial statements showed they are a stable organization and can cover their own admin and personnel costs.
- Commissioner Knowles asked if Verdant could cover a *percentage* of their admin and personnel costs since they shouldn't have to provide these services completely free, perhaps 50% of admin and personnel to cover their costs but not to make profit.
- Commissioner Wilson clarified that their admin costs would be covered by insurance companies for the people who get the flu vaccine. Dr. Edwards asked Ms. Reese, MPA, if their proposal is for the admin costs of personnel administering vaccines to un-insured or under-insured patients.

WAGRO: Commissioners requested to have them resubmit their application for review at the October Board meeting with a reduced budget and more focus on direct COVID activities.

Public Comments Elizabeth Lunsford: Resident of Lynnwood, 98037. She apologized for her outburst on Zoom. She is upset about the decrease in funding, especially for kids. She doesn't simply stand for the flag, she shows up and she protests. She has some suggestions. She said there is some hypocrisy in the Commissioners dialogue. She suggested color coding applications to see which organizations are institutionalized and which are grassroots. She stated that public servants, such as the Commissioners, deserve appreciation too. She hopes Commissioners are comfortable enough to reach out to her and discuss her comments further. She added, we are family, and the kids need us. We don't need any more data; the kids need us right now.

Commissioner Comments Commissioner Knutsen thanked Ms. Reese, MPA, Ms. Konstanski, and Ms. Simpson, for the heavy lifting in preparing the Q3 grant recommendations for Commissioners. She thanked the staff, Commissioners, and community members for their help in preparing the strategic plan.

Commissioner Wilson thanked the Verdant team for managing the strategic planning process.

Commissioner Brennan appreciates the involvement of staff and the community in being passionate about these priorities. She looks forward to continued feedback from the community. She provided special thanks to Ms. Reese, MPA, for the heart and soul she brings to this work.

Adjournment The meeting was adjourned at 9:56 a.m. by President Distelhorst.

Call to Order

The special meeting of the Board of Commissioners of Public Hospital District No. 2, Snohomish County, was called to order at 5:00 p.m. by President Distelhorst.

**Land and
Enslaved People's
Acknowledgement**

President Distelhorst read the acknowledgement.

**Resolution
2022:09 Banking
Authorization**

Ms. Simpson, CPA, explained the need for Commissioners to update authorized individuals on the District bank accounts.
Commissioner Brennan made a motion to approve RES 2022:09, Commissioner Wilson seconded, motion passed.

**Resolution
2022:10 District
Deputy Auditor**

Dr. Edwards requested to add a second Resolution to the meeting agenda. This revised agenda will be posted on the Verdant website right now before the meeting today begins.

Ms. Simpson, CPA, explained the reasoning for adding Superintendent, Dr. Lisa Edwards, as Deputy District Auditor.
Commissioner Brennan made a motion to approve RES 2022:10, Commissioner Wilson seconded, motion passed.

Commissioner Wilson commented that Verdant has received a lot of different guidance on the Auditor and Treasurer duties and appointment over the years from our attorneys. She is surprised to see this as an option for the first time and asked if

other Public Hospital Districts have their executive staff as deputy auditors. Ms. Simpson, CPA, confirmed yes, they do.

**Grantmaking
Guidelines,
Definitions, and
Policies**

Dr. Edwards explained the purpose of pages 6-9 in the meeting packet which includes eleven follow up items needed for decision-making from the Board (E:97:22). By setting up acknowledgement screens throughout the grant application process, we hope this will create transparency for our applicants about our policy and guidelines for decision-making.

1. Tax Status 501c3: Commissioners agreed to not require 501c3 status.
2. Award Acceptance within 30 days: Commissioners agreed to add language to this acknowledgement that funding will be prorated monthly for the additional time the organization takes to sign (i.e., they will receive 90% of their award if they take an extra month to accept the contract).
 - Commissioner Wilson asked why a partner would need 30 days to sign the contract. Dr. Edwards answered that some partners have their own internal processes with executive level review and legal team which need to review contracts, and this can cause a delay of several weeks. Ms. Konstanski added that sometimes the delay is on Verdant's end when we ask them to revise a program or we have to amend the proposal, and these changes also take time to input in Fluxx.
 - Commissioner Knowles wants to make sure that the acceptance deadline covers those who might take longer than 30 days so we can stay within our guideline.
 - Dr. Edwards suggested adding a sample contract to the website so organizations can vet it through legal ahead of acceptance which can cut down time.
 - Commissioner Brennan asked what happens if a partner cannot sign within 30 days? Dr. Edwards answered that we have not had an acceptance deadline before, so we have not exercised when someone doesn't sign.
3. Promoting Verdant funding once awarded: Commissioners agreed that this requirement just needs to be enforced going forward, as it is already included in the current grant contract.
 - Commissioner Wilson asked if it has to just be media postings (for example a sign on a building or field we funded).

- Verdant will add a page on their website with the media style guide for funders to use and to contact the Digital Marketing & Communications Manager, Kirk Mathis, for any additional support.
4. Annual award limit up to \$X per organization: Commissioners agreed not to put a maximum funding limit on an organization at this time.
- Commissioner Wilson is hesitant to put a max limit on an organization since we could lose our flexibility in funding a program which is above it but relevant and much needed in our community. She is concerned that if we don't limit the funding for organizations and they get \$1MM, for example, then this could limit our available funding for new programs.
 - Commissioner Brennan agrees we should try to limit the number of individual *programs* we fund for an organization so they can consolidate programs.
 - Ms. Konstanski added that Verdant provides a general guideline of what we typically fund (for example "generally an average of \$100,000, with some award higher or lower, etc.").
5. Statement of financial need for applicants with over \$2MM income per year: Commissioners agreed they would like to see more details about other funding an organization receives. Dr. Edwards suggested we could add language to include *financial and other support of the program*, such as the level of volunteer hours and matching.
- Commissioner Wilson asked how we came up with \$2MM income/year. Ms. Konstanski added that we had a specific question about income of \$2MM which prompted adding this guideline. Dr. Edwards suggested we could reduce this to \$1MM. Commissioner Knutsen is against reducing this much from \$2MM since \$2MM income is a *healthy* organization, not necessarily a wealthy organization.
 - Ms. Konstanski added that there is a space within the current grant application to note co-funding, but it is not something Verdant has explicitly asked applicants to outline. Dr. Edwards proposed we add a brief text field in the application to explain the *financial* need, not just the community need, which is what our current application entails.

6. Provide list of other grants received: Commissioners agreed they would like to see more details about other funding an organization receives for their program.
7. Provide list of other funding intending to apply for in next 12-18 months: Commissioners agreed that they would like to see more details about other funding an organization is applying for in addition to what they are requesting from Verdant.
8. Minor capital expenses: Commissioners agreed to limit to \$5,000 or less.
9. Liability Insurance: Commissioners agreed to revise the grant contract to take out the \$1MM amount of liability coverage and keep it broader language about just having liability coverage without a specific amount.
10. Demonstrated alignment with grant guidelines and one priority area: Commissioners agreed to have applicants specify a primary and secondary priority area when applying. Dr. Edwards added this will make reporting much easier if applicants aren't allowed to select four different priority areas, so Verdant can easily see where their program best aligns.
11. Required Attachments: Commissioners agreed to add the fifth bullet, with the revision of "key funders" instead of "all funders" so grant applicants only provide their primary funding, and not an exhaustive list of any funding they have received for their program.

**Commissioner
Discussion**

Dr. Edwards proposed that after Spring 2023 funding cycle, we can communicate that we will accept one application per organization, per year.

Commissioner Wilson wants to discuss how long we will fund an organization?

- Commissioner Knutsen doesn't want to limit funding by years so that we can focus on the actual program and the need. Commissioners need to be able to continue funding a program based on the need for that program in the community, not just cutting them off after X years because that is our policy.
- President Distelhorst suggested we add a section to the grant application or posted somewhere on our website about the need for organizations to continually look for other funding so as not to become dependent on Verdant for the long term.

- Commissioner Knutsen reminded the Board that we have the budget as a guidepost for our funding decisions. It is up to the Board to stay within our budget, and this might mean saying yes or no but if we can stay within the budget that is the goal.
- Commissioner Knowles agrees with Commissioner Knutsen about not being too rigid with our guidelines. Something like not fitting within our priorities is an easier conversation to say 'no' but having a time limit on funding is harder to apply.

Dr. Edwards inquired as to how we should communicate with the organizations that clearly do not align with our new priority areas? Do we give them a heads up now or wait for them to apply before we say 'no'?

- Commissioner Knowles answered we don't owe these organizations an explanation ahead of time and once we communicate the changes, it is up to them to make themselves fit in the new priorities or not.
- Ms. Konstanski added that our goal is to limit partiality and personal preferences on programs so that we are scoring all applicants fairly.

BREAK

6:53-7:00pm

Grantmaking Guidelines, Definitions, and Policies Continued...

Dr. Edwards walked Commissioners through the 2023 funding cycles including the application period, staff scoring, commissioner scoring, decision-making at Board meetings, then notification period of two months prior to contract start date.

Dr. Edwards asked for Commissioner thoughts about how to split applicants for Commissioner scoring. She recommends having two Commissioners pair up to score one priority so that they can see all applications within a priority area and be able to score them in relation to others which can help decide which ones to fund. Ms. Konstanski suggested we could get all requests, divide them by *primary* priority area, then determine what percentage of the budget we can approve within that primary priority area. This would help us determine what funding is offered within the budget.

Commissioner Comments

Commissioner Wilson was disconcerted that Dr. Rebecca Miner of the Edmonds School District did not want Verdant to share the Healthy Youth survey data with the public when asked at the September 28th Board meeting. This survey is posted by OSPI and is public domain so we can find the link and share it on our website if we would like.

Commissioner Knutsen was confused what public commenter Elizabeth Lunsford's concern was at the September 28th Board

Commissioners Meeting
October 5, 2022

meeting and if Verdant was able to follow up with her. Dr. Edwards clarified that Verdant was cited very early on with the Superintendent at that time showing support of the Community Justice Center with Lynnwood Police. Since then, there has been dialogue that Verdant is a supporter of the Criminal Justice Center and adding beds for prisoners, etc.

Commissioner Knutsen thanked Ms. Konstanski for preparing this additional BIPOC report and wants to get that out in the community if we can.

Other Updates

Dr. Edwards spoke about the Community Networking Lunch event Verdant is hosting on November 4th with a goal of eight funders and at least 40 of our community partners to “speed date” with other groups and funders.

Adjournment

Commissioners Meeting – Verdant Partner Roundtable
October 11, 2022

Call to Order	The special meeting of the Board of Commissioners of Public Hospital District No. 2, Snohomish County, was called to order at 3:38 p.m. by President Distelhorst.
Land and Enslaved People's Acknowledgement	President Distelhorst read the acknowledgement.
Introducing Strategic Priorities for 2023-2024	Dr. Lisa Edwards began by reviewing the agenda for today's special meeting, the Verdant Partner Roundtable (E:98:22) and walked attendees through the recent strategic plan that Verdant Commissioners have adopted for 2023-2024 (E:99:22).
Key Changes to Funding Guidelines & Cycles	Ms. Silverman outlined key changes to the grant application and funding cycles starting with the next application cycle opening on 11/1/22.
Successes and Learnings (open mic sharing)	<p>As part of this quarter's Verdant Partner Roundtable, attendees were invited to share a success or a learning experience by answering one of three prompts, if desired.</p> <ol style="list-style-type: none">1. What was an unexpected success or accomplishment for your organization?2. Share an innovation for your program or organization that came out of the pandemic.3. What was a 'win-win' collaboration with another organization and why? <p>Annika Sahota: Talked about the Mental Health Matters program that was started at University of Washington Bothell.</p> <p>Shawneri Guzman: Talked about their partnerships that came about for South County Fire.</p> <p>Casey Davis: Talked about the Community Engagement Center for Edmonds Food Bank and a community survey beginning on 10/27/22.</p> <p>Mindy Woods: Talked about the \$100,000 in funding received, which is \$2,500 per household, for Edmonds Human Services.</p> <p>Alissa Jones: Talked about the need for the Lynnwood Food Bank doubling during COVID and how these numbers are not going down. Talked about their new partnership with American Heart Association.</p> <p>Liz Flores-Marcus: Shared Wonderland's collaboration with Homeward House and First Legal Clinic which serves parents in recovery from addiction.</p>

Commissioners Meeting – Verdant Partner Roundtable
October 11, 2022

Suzy: Discussed doubling the numbers of volunteers during the pandemic, to help seniors age in their home with the Northwest Neighbors Network.

Michelle: Talked about an ad they ran in the newspaper to recruit lunch delivery for seniors of the Edmonds Waterfront Center.

Marni: Shared the virtual community wellness meetings brought about from the pandemic which help support their Parent Trust clients.

Joomi: Talked about their collaboration with the Edmonds Food Bank to distribute food for Korean families, and a successful 6-week seminar in Spring and Fall.

Steve: Reported on the upcoming opening of the Lynnwood Neighborhood Center which will be a gathering space for residents, housing for non-profits to work, event space, and classrooms for rent.

Rod Schutt: Talked about how he now has office hours at the Edmonds Waterfront Center two days a week to assist people in getting access to their prescription medication.

Van Kuno: Shared her work and when Washington D.C. asked our area to become a haven for Afghan refugees and she had to come up with a solution to welcome these individuals in need. In the period of February 10-17, 2022 they accepted 117 Afghan refugees. As of 10/11/22, all of these families now have jobs, except for two. All of the mothers have signed up for English as Second Language courses for their kids in school.

Jane: Talked about their program of providing free legal aid to low-income residents.

Sally Guzman: Discussed the school district's ability to leverage all sorts of community resources, and coming together with many other groups to assist families in the Edmonds School District.

Kim: Talked about the diaper bank grant which serves 150 families of kids under 5 years old for Washington Kids in Transition.

Nancy LaJambe: Provided information on their Host Homes program which provides temporary housing for kids ages 12-17 and also their collaboration with the Edmonds School District.

Commissioners Meeting – Verdant Partner Roundtable
October 11, 2022

Chris: Talked about an innovation for the Domestic Violence Services of Snohomish County.

Kathy: Shared surprise and success at being able to maintain such high participation rates for their virtual programs offered by the Puget Sound Kidney Center, even after the pandemic. They are able to provide these virtual services in Korean, Spanish, and Tagalog, with a Russian-language program in progress.

Mary: Talked about their ability to support ChildStrive’s client basic needs during the pandemic, such as diapers and formula, which helped reduce stress.

Rahel: Reported that YMCA Greater Seattle was able to hire a Community Health Navigator and provide preventative care workshops and screenings for residents.

Shannon: Talked about multiple successes for Sound Pathways, including parent-child assistance, esteem shelter, Amerigroup permanent housing, and syringe services.

Arun Sharma: Reported on a successful youth event and their desire to create youth camps in the community.

Zsofia: Talked about providing food support and assistance for Farmer Frog clients.

**Commissioner
Comments**

Commissioner Knutsen is happy to hear about all the collaboration between organizations and their work in the community.

Other Updates

Dr. Edwards reminded attendees about the upcoming Verdant-hosted Community Health Networking Event on November 4th as a place for health-focused non-profits to network with each other and other community funders.

Re: Verdant Support

Dear Nancy,

We are so grateful for you, and for Verdant's continued support in our Respite Program. Attached, as requested, is a budget detailing the costs of adding additional rooms from October 1, 2022, through December 31st, 2022.

As you will see, the largest percentage of funds will be used to secure the additional rooms at pre-negotiated, lower-than-market rates. There is additionally an added cost for staffing, food, and other supplies directly related to the clients' care.

Please let me know if you have any questions or concerns. We value our partnership with you, and with Verdant Health Commission. We look forward to continuing that partnership for the betterment of our community.

Thank you,

Esther Riley
Director of Special Programming | Respite Program Director

Revenues:

Rental Income-September Hospital Lease revenue increase 3% or \$25k. Revenue is trending ahead of budget primarily due to CAM revenue updates and 2021 grant repayments of \$61K rec'd in 2022. Kruger Tenant CAM adjustments for 2021 expenses were billed in June-\$54K. 2022 Catch up CAM's in the amount of ~\$130k were billed in July, both increase top line revenue and offset the property operating expenses paid by Verdant. Two suites are still vacant. This reduces the amount of base rent and CAM that can be recovered from tenants. (Est is \$100K rent and \$65K in CAM for 2022). Estimates for minor refresh to better market suites is pending and will be assumed by new property managers. (#110; 2025 SF & 270; 497 SF). Unbudgeted Value Village ground space lease began at June 1, \$2K per month and is expected to end 12/31/2022.

Investment Income-Month of Sept-Interest income \$47K, realized losses (\$12K), unrealized losses (\$385K).

Investment Income-Year to Date -Interest income \$343K, realized losses (\$108K), unrealized losses (\$1.873M).
Market adjustments are not budgeted

Expenses:**Program Funding/Expenses-**

External Programs YTD-Community Grants \$7.1M of \$9M budgeted, 79% of full year, **BHC** \$108k of \$418k budgeted, 27% of full year budget, no additional spending planned in this category. **Covid** \$307K of \$500k or 61% of full year budget. **CHART** \$51k of \$101k budgeted---Contract is 2021/2022 year. **VOA 211*** \$75K of \$110k budgeted,*VOA includes 211 program of \$55k and Training/Coaching Facilitation of \$16.5k covered by the VOA underspend from 2021 (revenue line). **Superintendent Discretionary** \$47K of \$100k budgeted or 47%.

Internal programs; \$77k of \$230k budgeted or 33% of full year budget. 9/12th or 75% through calendar year

All Programs-\$7.229M of \$10.459M budgeted or 69% of full year budget.

Operating Expenses-

Negative budget variance continues and operating expenses are expected to close the year over budget. This is due to multiple categories but primarily overages in repairs and maintenance*, security services (Kruger Clinic) and professional services including accounting support, legal, property management, project management, and appraisal costs not previously budgeted. Security was budgeted at only \$10k for 2022, at September 30th, the actual expense is \$198K. Although unbudgeted, security costs are a billable CAM expense and offset by billings to tenants. Property management fees were under budgeted by approximately 50%, the fees are not in excess of the agreed amount, the budget was underestimated. Additional legal and consulting fees of ~\$15K were incurred due to the Swedish Hospital contract matters.

Helping to mitigate operating expense variances are increases in interest income and 2021 grant award repayments at \$70K with an additional \$100-\$150K anticipated in October. Furthermore the BHC will not be expended saving \$310K.

*The large ductwork replacement of \$80K and roof replacement \$310K are capital expenditures and do not flow through the P&L as repairs and maintenance when incurred but will be depreciated

PUBLIC HOSPITAL DISTRICT NO. 2
SNOHOMISH COUNTY, WASHINGTON

RESOLUTION NO. 2022-11

A RESOLUTION of the Commission of Public Hospital District No. 2, Snohomish County, Washington (the “District”), determining certain personal property to be surplus and no longer required for public hospital district purposes of the District and authorizing the superintendent and such District personnel as the superintendent may designate to sell all or any part of such property on a negotiated basis.

WHEREAS, certain personal property of the District is no longer required for District purposes and the Commission wishes to dispose of such property in a lawful manner as promptly as reasonably possible; NOW, THEREFORE,

BE IT RESOLVED BY THE COMMISSION OF PUBLIC HOSPITAL DISTRICT NO. 2, SNOHOMISH COUNTY, WASHINGTON, as follows:

Section 1. It is hereby found, determined, and declared that the personal property identified on Exhibit A hereto (the “Surplus Property”) is no longer required for public hospital district purposes and such property therefore is surplus. It is further found and declared to be in the best interest of the District that the Surplus Property be disposed of promptly as hereinafter provided.

Section 2. The superintendent and such District personnel as the superintendent may designate are hereby authorized and directed to sell the Surplus Property on a negotiated basis on the most favorable terms they deem obtainable.

ADOPTED AND APPROVED by the Commission of Public Hospital District No. 2,

PUBLIC HOSPITAL DISTRICT NO. 2
SNOHOMISH COUNTY, WASHINGTON

RESOLUTION NO. 2022-12

A RESOLUTION of the Board of Commissioners (the “Board”) of Public Hospital District No. 2, Snohomish County, Washington (the “District”), approving the dollar amount and percentage increase in the District’s regular property tax levy for calendar year 2023.

WHEREAS, RCW 84.55.120 requires a taxing district, other than the state, that collects regular levies to hold a public hearing on revenue sources for the district’s following year’s current expense budget; and

WHEREAS, RCW 84.55.120 further requires the hearing to include consideration of possible increases in property tax revenues and requires that the hearing be held prior to the time the taxing district levies the taxes or makes the request to have the taxes levied; and

WHEREAS, RCW 84.55.120 authorizes the taxing district to hold a public hearing in conjunction with its annual budget hearing required by RCW 70.44.060(6); and

WHEREAS, a hearing in compliance with RCW 84.55.120 and RCW 70.44.060(6) was held on October 20, 2022; and

WHEREAS, the Board, after hearing and duly considering all relevant evidence and testimony presented, determined that the District requires an increase in property tax revenue from the previous year, in addition to that resulting from the addition of new construction, increases in assessed value due to construction of electric generation wind turbine facilities classified as personal property, improvements to property and any increase in the value of state-assessed property, in order to discharge the expected expenses and obligations of the District; NOW, THEREFORE,

BE IT RESOLVED by the Board of Commissioners of Public Hospital District No. 2, Snohomish County, Washington, as follows:

Section 1. The Board hereby determines that the District requires a regular levy in calendar year 2023 of \$2,532,365.30, which amount is exclusive of the additional tax revenue resulting from the addition of new construction, increases in assessed value due to construction of electric generation wind turbine facilities classified as personal property, improvements to property and any increase in the value of state-assessed property, and amounts authorized by law as a result of any refunds made, in order to discharge the expected expenses and obligations of the District.

Section 2. The Board hereby approves an increase in the District’s regular property tax levy for calendar year 2021 in the amount of \$25,072.92, which is a percentage increase of

1.00% from calendar year 2022. This increase shall be in addition to the increase in tax revenue resulting from the addition of new construction, increases in assessed value due to construction of electric generation wind turbine facilities classified as personal property, improvements to property and any increase in the value of state-assessed property and amounts authorized by law as a result of any refunds made.

Section 3. The Superintendent is directed to certify to the County Assessor, no later than November 30, 2022, a copy of this Resolution showing its adoption; and to perform such other duties as are necessary or required by law to the end that the maximum levy capacity available to the District under chapter 84.55 RCW, as determined by the Washington State Supreme Court, is banked for use in future years.

ADOPTED AND APPROVED by the Board of Commissioners of Public Hospital District No. 2, Snohomish County, Washington, at an open public meeting thereof, this 26th day of October 2022, the following commissioners being present and voting in favor of the resolution.

CERTIFICATION

I, the undersigned, Secretary of the Commission of Public Hospital District No. 2, Snohomish County, Washington (the “District”), hereby certify as follows:

1. The attached copy of Resolution No. 2022-12 (the “Resolution”) is a full, true and correct copy of a resolution duly adopted at a regular open public meeting of the Commission of the District held on October 26th, 2022, as that resolution appears on the minute book of the District; and

2. A quorum of the members of the Commission was present throughout the meeting and a majority of those members present voted in the proper manner for the adoption of the Resolution.

IN WITNESS WHEREOF, I have hereunto set my hand this 26th day of October, 2022.

PUBLIC HOSPITAL DISTRICT NO. 2
SNOHOMISH COUNTY, WASHINGTON

Secretary of the Commission

**PUBLIC HOSPITAL DISTRICT NO. 2
SNOHOMISH COUNTY, WASHINGTON
RESOLUTION NO. 2022-13**

A resolution of the Board of Commissioners (the “Board”) of Public Hospital District No. 2, Snohomish County, Washington (the “District”), approving and adopting the District’s budget and regular property tax levy for calendar year 2022 and approving the limit factor for the District’s regular property tax levy in calendar year 2023.

WHEREAS, RCW 70.44.060 requires the Superintendent of the District (the “Superintendent”) to prepare a proposed budget of the contemplated financial transactions of the District for the ensuing year and to file the budget in the records of the Board on or before the first day in November; and

WHEREAS, RCW 70.44.060 further requires the District to publish public notice of the proposed budget and the date and place of a hearing on the budget, which is required to be held on or before the fifteenth day of November, for two consecutive weeks in a newspaper printed and of general circulation in Snohomish County; and

WHEREAS, in compliance with the requirements of RCW 70.44.060, the Superintendent has prepared, filed and provided notice of the District’s proposed 2023 budget, which proposed budget is attached hereto as Exhibit A (the “2023 Legal Budget”); and

WHEREAS, the Board held a public hearing on the 2023 Legal Budget on October 20, 2022, in compliance with the requirements of RCW 70.44.060 and RCW 84.55.120; and

WHEREAS, RCW 84.55.010 and RCW 84.55.092 provide that the levy for a taxing district in any year must be set so that the regular property taxes payable in the following year do not exceed the “limit factor” multiplied by the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district, or the highest amount that could have been levied in any year since 1985, plus an additional dollar amount calculated by multiplying the regular property tax levy rate of that district for the preceding year by the increase in assessed value in that district resulting from: (i) new construction; (ii) increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere; (iii) improvements to property; and (iv) any increase in the assessed value of state-assessed property; and

WHEREAS, RCW 84.55.005 provides that the limit factor for taxing districts with a population equal to or greater than 10,000 is the lesser of 101% or 100% plus the rate of inflation, which inflation rate is calculated by the Washington State Department of Revenue based on the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the

bureau of economic analysis of the federal department of commerce by September 25th of the year before the taxes are payable; and

WHEREAS, the Board attests that the population of the District is more than 10,000; and

WHEREAS, the Washington State Department of Revenue has determined that the rate of inflation for property taxes to be collected in 2023 is 6.457%; and

WHEREAS, the highest amount of regular property taxes that the District could have levied in 2021 for collection in 2022 was the amount of \$2,507,292.38; and

WHEREAS, RCW 84.69.180 and RCW 84.68.040 authorize taxing districts to levy a tax on the taxable property of the district for the purpose of (i) funding property tax refunds, including interest, as ordered by the county treasurer or county legislative authority within the preceding twelve months; and (ii) reimbursing the taxing district for taxes abated or cancelled within the preceding twelve months; and

WHEREAS, the Snohomish County Treasurer has reported to the District that the amount of the refunds for the District's regular levy for collection in 2023 is currently estimated to be \$10,941.13; and

WHEREAS, the Board, in the course of considering the budget for calendar year 2023 reviewed all sources of revenues and examined all anticipated expenses and obligations; and

WHEREAS, the Board has met and considered all relevant evidence and testimony presented with respect to its budget for the calendar year 2023; and

WHEREAS, the Board has determined that there is substantial need to increase the regular property tax in the amount of 101% in order to provide sufficient funds to carry out its budget for 2023; NOW, THEREFORE,

BE IT RESOLVED by the Board of Commissioners of Public Hospital District No. 2, Snohomish County, Washington, that:

Section 1. Finding of Substantial Need. Pursuant to RCW 84.55.010 and 84.55.0101, the Board hereby finds that there is a substantial need to adopt a limit factor in the maximum amount permitted by law. The Board hereby adopts a limit factor for the District's regular property tax levy for calendar year 2023 of 101% of the highest amount of regular property taxes levied by the District in the highest of the three most recent years, or the highest amount that could have been levied in any year beginning in 1986, plus an additional dollar amount calculated by multiplying the District's regular property tax levy rate for the preceding year by the increase in assessed value in the District resulting from new construction; construction of electricity-generating wind turbine, solar, biomass, and geothermal facilities, whether classified as real or personal property; improvements to property; and any increase in the assessed value of state-assessed property.

Section 2. Approval of Budget. The Board hereby approves and adopts the 2023 Legal Budget as the budget for the District for calendar year 2023.

Section 3. Approval of Regular Property Tax Levy. The Board hereby approves and adopts a regular property tax levy in the amount of \$2,532,365.30 which is an increase of 1.00% over the amount levied in 2022, or such amount as is determined to be accurate by the Snohomish County Assessor's Office, (i) plus such actual increase as is calculated by multiplying the increase in assessed value in the District resulting from new construction, construction of electricity-generating wind turbine, solar, biomass and geothermal facilities whether classified as real or personal property, improvements to property, and any increase in the assessed value of state-assessed property, by the regular property tax levy rate of the District for the preceding year, (ii) plus such additional amount required for prior year refunds, which is currently estimated to be the amount of \$10,941.13. Should these calculations need to be adjusted for any reason in order to maximize the 2022 Levy in accordance with the authority provided in RCW 84.55.010 and 84.55.092, the Board authorizes the District Treasurer to do so in conjunction with the Snohomish County Assessor's Office.

Section 4. Collection of Taxes. The Treasurer of Snohomish County, Washington, is hereby authorized and directed to collect and deliver on or before the fifteenth day of each month to the Treasurer of the District the sum of all taxes collected on behalf of the District during the preceding month together with a proper accounting therefor.

Section 5. Delegation of Authority. The Superintendent is directed to certify to the County Assessor, no later than November 30, 2022, a copy of this Resolution showing its adoption. The Superintendent and such other persons as the Superintendent may designate are hereby further authorized and directed to take all action and to do all things necessary to carry out the provisions of this Resolution.

ADOPTED AND APPROVED by the Board of Commissioners of Public Hospital District No. 2, Snohomish County, Washington, at a regular open public meeting thereof this 26th day of October, 2022, and the following Commissioners being present and voting in favor of the adoption of the resolution.

VII. Other Updates

- Grant Partner and Community Engagement events in October
 - Verdant Partner Roundtable: 52 participants in person and online
 - Community Forum #1 (of 3 scheduled): 60 participants in person and online
- November 4th Networking - commitments to date include 8 funders and 40 nonprofits
- Fluxx Rebuild Status – slated to launch November 1 (Tuesday) with an applicant Q and A scheduled and shared publicly for Nov 1

Verdant Community Social Worker Highlights: September / October 2022

- Case Management – continuing support for fifteen clients. I have continued to utilize the motel rooms, that we have been able to obtain for medical/mental health related respite care.
- Continue to provide inreach/outreach with Swedish Edmonds Hospital. I have been receiving more referrals from the actual hospital case management group. These clients tend to be more severely medically compromised, including congestive heart failure and late-stage kidney diseases.
- CHART Leadership and Facilitation – Ongoing support for the CHART program and clients.
- This past month included strategic planning special board meetings, weekly team check ins, monthly staff meeting, monthly County Outreach Coalition, monthly Snohomish County Community Behavioral Health Committee, monthly Snohomish County Connector's meeting, monthly County and Human Services Providers Call, monthly Vulnerable Adult Taskforce, and monthly Homeless Policy Task Force.
- Programming –
 - Final provider training for the year, titled, Neuropsychology Counseling, is scheduled for November 7, 2022. This will be the same instructor from the prior three-part series. Participants will receive three free continuing education credits. As of 10/24/22, I have 60 people enrolled.
 - Eight-week therapeutic group for adults, titled Building Relationships. This group started on September 8, and includes 8-10 people.
 - Eight-week therapeutic group for adults, titled Grief and Loss Processing Group. This group started on October 18, and includes 8 people.
 - Have begun to schedule regular monthly Renters Certification and Fair Housing training at the Wellness Center. Volunteers of America Dispute Resolution Department provides this training for free to the community. The focus is on those that may have barriers to renting. Participants will learn about landlord / tenant rights and responsibilities, fair housing awareness, what landlords screen for, and conflict resolution skills to help stabilize housing and minimize evictions. Participants receive a certificate upon completion that entitles you to free landlord / tenant mediation and boosts your rental resume.
 - Two Narcan trainings have been scheduled. This will be in person at the Wellness Center. The first one is scheduled for November 1 from 12:00-1:00 PM. The second, November 8, 6:00-7:00 PM. As of 10/24/22, I have 49 of 60 available enrollments. The first 50 people to register and attend the trainings, will be provided with a free NARCAN kit, which includes two doses.

No promotional advertisements were done 28-day period. We reached out to 9,950 people on Instagram, and 34,130 people on Facebook. Our numbers are pretty low around this time as we're not doing big events with community members. Our Facebook page visits are at 242, which is 13.6% increase from the last period. Our audience is more active on Facebook than on Instagram. Instagram is more catered to our partners and Facebook is where our non-partner community members are active on. We did not gain any followers on Instagram, but we gained 15 new page likes on Facebook. We are going through changes of Social Media Interns, so there might be new social media strategies coming soon.
