Guiding Principles

Use of VCWC facilities is guided by our mission to improve the health and well-being of our South Snohomish County community. Rooms are available for classes, meetings and special events that support our Commission's priorities:

- * Education & Empowerment - programs that give people the tools to take ownership of their health, increase their knowledge of health issues and availability or resources, and provide motivation to improve their well-being.
- * Prevention - programs that increase healthy behaviors, support necessary health screenings, and prevent injuries.
- * Access to Healthcare Services - programs that increase access to medical, dental, and behavioral healthcare services.
- * Policy and Advocacy - programs that employ advocacy and public policy improvements to better meet the health and wellness needs of our residents.
