We plan to open applications for 2022 COVID funding (following new monthly Board approval process) in Fluxx mid-December.

IV. **Q4 Grantmaking**

- i. Non-renewal procedures
- ii. Fluxx Scoring Training

V. **Recent Grantee Report highlights**

Evergreen Recovery Center

- New provider and support staff have been hired!
- Two MCOs (United and CHPW) are already paying for some new services and contracts (and codes and rate sheets) with Molina and Amerigroup are in process and working to add new scopes of services to existing contracts
- Implementing new appointing/billing software with go-live on 1/3 which includes new medical features like e-labs, e-rx, medical records and billing functions.
- Open House will be taking place in early December to highlight the new walk-in access and services

Millennia Ministries

- At 6 months, are exceeding all mid-year goals for their funded work including:
 - number of households served (2,662, 111% of midyear goal)
 - Housing advocacy clients (108, 160% of midyear goal)
 - Moving from Surviving to Thriving Clients 916, 160% of midyear goal)

DRAFT Non-renewal Guidelines

The Verdant Health Commission is dedicated to creating a transition plan with each grant partner after Verdant's grant funding ends. The following guidelines are designed to assist with planning for this transition while providing sufficient notification that allows grantees to identify and secure alternate sources of funding. The goal is to have a consistent and transparent methodology in making and communicating non-renewal decisions as well as in the provision of any transition funds.

All current grantees will be regularly reminded of the date of expiration of their current contract and annual opportunities for renewal requests will be evaluated as part of the quarterly application process. All contracts include language that continued funding is contingent upon successfully meeting included program outcomes, budgets, and other contract terms.

Cause(s) for non-renewal

- Outcomes not achieved with previous contract
- Availability of Verdant funds
- Changing strategic priorities (based on CHNA, annual Board strategic plan and priorities, etc)
- Other (including, but not limited to, grant partner's adherence to budget)

Transition Funding providing following notice of non-renewal

One-time payments will be provided to non-renewal partners based on the duration of the funding for the specific program via contract amendment (fluxx)/Grant Modification process (current) approved monthly by Board.

- 5-10 years \geq 6 months of transition funding not to exceed \$150,000
- 2-4 years \geq 3 months of transition funding not to exceed \$50,000
- Less than 2 years \geq 1 month of transition funding not to exceed \$25,000

Ability to reapply in future

Organizations are not prohibited from seeking future funding or alternative funding sources (BHCF, COVID, event sponsorship, etc), although if non-renewal is due to changing strategic priorities, they are unlikely to have a competitive request for any funding availability until/if priorities change or if the request is a new scope of work

Resources available

- Funders roundtables will be offered quarterly to introduce grantees to new funders.
- Grantees will be introduced to potential strategic partners

Staying connected

Our hope is that organizations with unsuccessful renewal applications will remain active participants in the Verdant community and engage in opportunities such as VPR, outreach events, and training/technical assistance opportunities provided.

AGREEMENT TO PROVIDE COVID-19 RESPONSE: AFGHAN FAMILY NAVIGATION PROGRAM

This Agreement is made between Public Hospital District No. 2, Snohomish County, Washington and the REFUGEE & IMMIGRANT SERVICES NORTHWEST to provide a COVID-19 Response Program.

1. PARTIES

Verdant Community Social Worker Highlights: October/November 2021

- Case Management – continuing support for 13 clients.
- CHART Leadership and Facilitation – October 1, 2021, was the official date of transfer of services. I have continued to work closely with The Extra Step, to ensure a smooth transfer of services, warm handoff of clients, and commitment to supporting clients' progress.
- This past month included weekly team check ins, monthly staff meeting, DEI Team Meeting, monthly County Outreach Coalition, monthly Snohomish County Community Behavioral Health Committee, Snohomish County Connector's meeting, Snohomish County Vulnerable Task Force, and the Homeless Policy Task Force.
- I have worked 5.5 months at Swedish Edmonds, one day per week. I coordinate work between the psychiatric unit (9W), the emergency departments behavioral health assessment team (BHAT), and the hospital case management team. The goal is to begin to build rapport with clients before their discharges, in hopes of obtaining better health and wellness outcomes outside of the hospital setting. To date, 30 referrals since 6/01/21. Of 6 new referrals this month, 5 were consultations, and referred to more appropriate resources. 3 are unknown status at this time as they did not follow up with referral. As of today, I have 8 new active clients from this referral source, and 7 clients that have not followed through after discharge. One of the new referrals from this source passed away this past month.
- Community Training, November 9. Event title: Mental Health 101: Mental and Addiction Disorders. Of 57 registered, 27 attended. Very positive evaluations.
- Completed the final Accountable Communities of Health (ACH) report for the Medicaid Transformation Project, in which we included the CHART program as our main focus. We should be receiving our final payment in December.
- Coordinated and facilitated a panel discussion for the Edmonds College regarding HB 1310. The panel included SSCF&R, Lynnwood Police and county Designated Crisis Responder (DCR). This was in response to the colleges request on how to manage crisis situations at the college, should they arise. If anyone is interested in watching this, I did record it.
- With the increase in opioid related deaths, Verdant will be sponsoring several NARCAN trainings during 2022. In partnership with Snohomish County Human Services Opioid Outreach and Molina Health, we will provide three in person and one virtual training, and Molina will be providing free NARCAN to participants.

November 2021

Website Redesign

The new website is built on a staging server, and we are fine-tuning the functionality, content, and images in these final weeks preparing for the launch on Dec. 13.

The Canopy

The winter edition of The Canopy newsletter is scheduled to arrive at the post office the week of Nov. 29. It will include information about our community impact, a tease of the new website, information about grants that we fund, an introduction to new Commissioner Carolyn Brennan, and more. This edition will be distributed to the 80,275 addresses within our district.

Social Media

During the previous 4-week period, we welcomed new Social Media Intern Tina Sypaphay. She received training and transitioned into the new role while embracing our work and has created some very strong content. During this period of transition, we reached approximately 2,000 people with our posts, which is a decline from the previous month as we had expected. We look forward to launching the website in the coming month and integrating this launch into our social media posts.
